

Synergy on Nicolet® EDX Electrodiagnostics Systems

Fast, efficient workflow meets improved patient care

The Nicolet EDX system combines state of the art technology with over 60 years of proven clinical knowledge and innovation to set new standards for EMG, NCS, EP and IOM testing.

With the industry leading Synergy software, users can benefit from a familiar clinical workflow and user interface together with full patient and protocol compatibility with existing Synergy products.

Advanced, innovative clinical features:

- Multi-MUP
- SFEMG
- MUNIX
- Quantitative Analysis
- IOM

Technology-driven flexibility:

- Rapid response clinical workflows
- Customizable reports
- Extensive database accessibility
- HL7 Gateway & advanced connectivity

NEW USB control panel option

Synergy Software Features

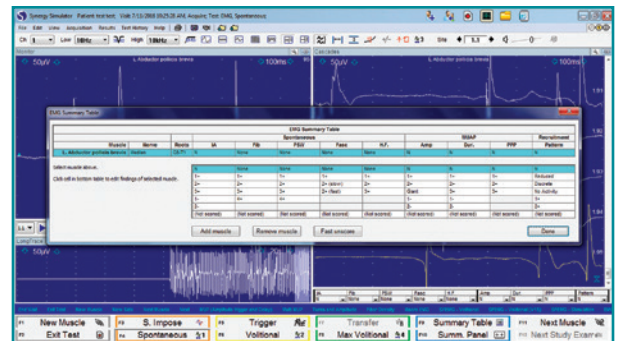

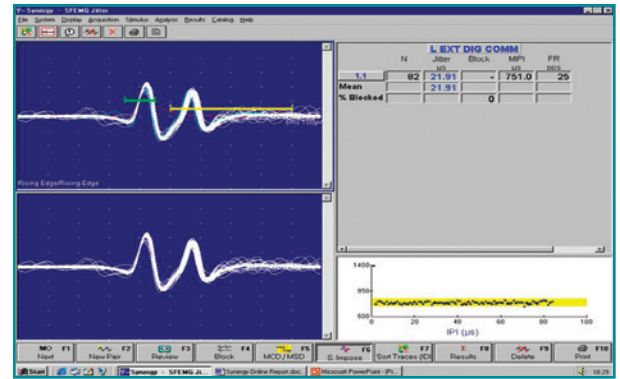

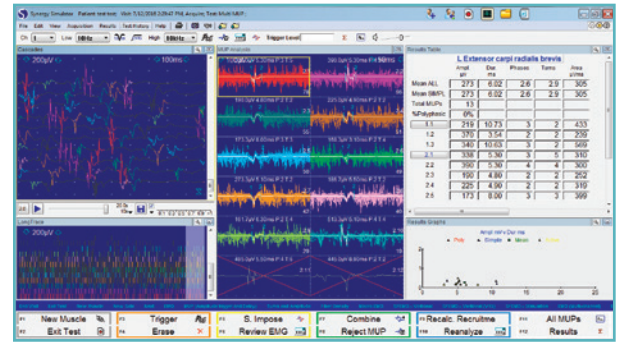

Innovative features developed to reduce artifacts, reduce operator errors, and improve ease of use. Synergy software not only provides exceptional quality electrodiagnostic studies for routine examinations, but also in the most difficult clinical environments. Synergy software is a global leader for use in clinical research.

New! with latest software release:

- 16 channel clinical IOM/EP option
- Multi-MUP, SFEMG & clinical workflow improvements
- MUNIX & Quantitative Analysis improvements
- HL7 Gateway & connectivity options
- Nerve Conduction, F Wave & H Reflex enhancements
- Enhanced database & report functionality
- Improved user interface for changing setups/protocols

A Clinical Leader in Exam Options

- | | |
|--|--|
| Motor Nerve Conduction | Auditory Evoked Potentials |
| Sensory Nerve Conduction | Visual Evoked Potentials |
| Combined Sensory Index | P300 |
| Combined Motor & Sensory F-Wave | Contingent Negative Variation |
| H-Reflex | R-R Interval |
| Blink Reflex | Sympathetic Skin Response |
| Repetitive Nerve Stimulation | Galvanic Skin Response |
| Inching Studies | Intra Operative Monitoring |
| Needle EMG | CMAP Scan |
| Single Fiber EMG | MUNIX |
| Multi-MUP Analysis | Conduction Velocity Distribution |
| Turns and Amplitude Analysis Macro EMG | Triple Stimulation (Not available in US) |
| Somatosensory Evoked Potentials | Tremor Analysis (Not available in US) |

Service

Excellence in customer and technical service is a core value of Natus Neurology.

Essential Support Elements:

- Accessible and effective Technical Support
- Definitive technical documentation and knowledgeable installation teams
- Excellent replacement unit or spare part availability
- Extended warranty and service coverage programs
- Comprehensive, flexible customer training courses

Supplies

Natus Neurology offers a full range of neurodiagnostic supplies.

- Dedicated and knowledgeable customer service
- Streamlined order processing to save you time
- Convenient online portal (US Customers only)
Natus Neuro Store – www.natusneurostore.com

To learn more about Natus Neurology Service Programs or our full line of Supplies, contact your local distributor or sales representative.
